

Dr. Gerard Celia, MBA, PhD, HCLD, TS, CC

Dr. Gerry Celia is a board certified high complexity laboratory director from the state of Virginia in the United States of America. He earned his bachelor's degree in Animal Science from the University of Connecticut in 1994, a PhD from the University of Vermont in 2004, and an MBA from the College of William and Mary this past spring. He serves as the executive laboratory director at Pacific Fertility Centers of Los Angeles, The offsite reproductive laboratory director for Brown University/Women and Infants Hospital in Rhode Island, and the onsite reproductive laboratory director at Virginia Commonwealth University where he is also an assistant professor of Ob/Gyn. Gerry is an experienced lab inspector for the College of American Pathologists – performing over 40 inspections in the past 15 years - but he is probably most well known as the founder of the Maverick Reproductive Biologists Facebook Group which unites scientists and technicians from across the globe to share the type knowledge and humor that is unique to our field of study.
