

Advanced Clinical Embryology (ACE) Course
Preliminary Schedule - Academic Year 2026-2027

Teaching Module 7 "Basic Knowledge and Recent Advances on Embryo Quality and Evaluation: From Embryo Morphology to Artificial Intelligence"		
Submodules	Lectures & Instructors	Date & Time
7.1	Embryo selection David Gardner	07/04/2027 9:00 a.m. – 10:00 a.m.
7.2	The making of the blastocyst Giovanni Coticchio	14/04/2027 5:00 p.m. – 6:00 p.m.
7.3	Embryo identification Irene Dimitriadis	14/04/2027 6:00 p.m. – 7:00 p.m.
7.4	Morphokinetic evaluation of the preimplantation embryo: What is there to gain? Eros Nikitos	21/04/2027 5:00 p.m. – 6:00 p.m.
7.5	Non-invasive selection of embryo viability: The value of the embryo's metabolic blueprint Denny Sakkas	21/04/2027 6:00 p.m. – 7:00 p.m.
7.6	Artificial intelligence in MAR: <i>The Clinician's Perspective</i> Victoria Jiang	28/04/2027 5:00 p.m. – 6:00 p.m.
7.7	Artificial intelligence in the IVF laboratory Charles Bormann	28/04/2027 6:00 p.m. – 7:00 p.m.
7.8	Novel approaches in oocyte and preimplantation embryo evaluation and automation in MAR TBC	28/04/2027 7:00 p.m. – 8:00 p.m.
